## 1. INTRODUCTION

In frame of project nr. EFOP-3.6.2-16-2017-00017 „Sustainable, intelligent and inclusive regional and city models” University of Pannonia announce **Research Scholarship** for foreign tutors within the scholarship program. **Altogether 40 guest researchers** are expected from higher education to work in the research topics from EU/EGT member states as well from the Carpathian Basin within the scholarship program.

The objective of the program is to raise the number of researchers of higher education at the consortium members from EU/EGT member states as well from the Carpathian Basin. The scholarship program fosters to establish and raise the international embeddedness of the researches, to build international connections and to prepare the future common researches, applications and publications, furthermore, to strengthen the professional cooperation and networking amongst the consortia in the frame of the project.

## 2. APPLICATION FRAMES

### 2.1. PERIOD OF THE SCHOLARSHIP PROGRAM

The duration of the Foreign Tutors’ Research Scholarship program: **1st July, 2018 – 31st October, 2020. The grant period** is min. 1 month, max. 3 months of the followings:

- In case of the 1-month grant period, the applicant is required to spend min. 2 weeks at the University of Pannonia, just as, verified and active outwork is expected in the remaining time of the period.
- In case of the 2-month grant period, the applicant is required to spend min. 4 weeks at the University of Pannonia, just as, verified and active outwork is expected in the remaining time of the period. (The four-week personal presence can be divided into 2\*2 weeks, not necessarily 4 weeks at a stretch.)
- In case of the 3-month grant period, the applicant is required to spend min. 6 weeks at the University of Pannonia, just as, verified and active outwork is expected in the remaining time of the period. (The six-week personal presence can be divided into 3\*2 weeks, not necessarily 6 weeks at a stretch.)

## 2.2. TARGET AUDIENCE

Tutors, researchers of higher education from EU/EGT member states and from the Carpathian Basin can apply for the scholarship.

- **Young researcher:** PhD student or PhD candidate in the beginning of the carrier (whose first MA degree is max. 10 years old, in case of the second postgraduate MA, the first MA degree is max. 12 years old – except the maternity leave)
- **Post-doctor:** PhD researcher who has at least 3 years of work experience at a research institute or higher education and has at least 5 publications in national or international journals.
- **Lead tutor-researcher:** Associate professor with at least 6 years of work experience at a research institute or higher education and has at least 10 publications in national or international journals.
- **Senior researcher/Professor:** Scientific advisor or lead tutor–researcher at a higher education (Habil. associate professor, professor) with spending min. 10 years in higher education with tutorial–research experience.
- **Lead senior researcher/Professor:** Scientific advisor or lead tutor–researcher at a higher education (Habil. associate professor, professor) with spending min. 10 years in higher education with tutorial–research experience and still active in research activities, furthermore, owns contributor experience in international research projects.

## 2.3. AMOUNT OF GRANT

Category	Gross amount of grant
Young researcher	250.000 HUF/month
Post-doctoral researcher	500.000 HUF/month
Lead researcher	600.000 HUF/month
Senior researcher, professor	750.000 HUF/month
Lead senior researcher	915.000 HUF/month

### 3. TECHNICAL INFORMATION

- The grant is paid by the institute that announced the applied research topic according to its own institutional regulations and project instructions.
- All successful applicants are to sign a **scholarship contract** (titled Foreign Tutors' Research Scholarship Contract) with the University of Pannonia until the 10th day before the grant period starts.
- The scholarship provides the standard costs relating to the research activities (travelling, accommodation, catering), other allowances cannot be warranted to the same research activity nuisance to the project.
- The grant is transferred if the research activity is finished, after the submission and the acceptance of the **final report** and the **research report** against the certificate of accomplishment.

The location of execution:
